

Ugly Boy

Die Antwoord

Ooh I love my ugly boy
So rough and tough
Don't care about anything but me
Yes I just love him cause he's so crazy
Just crazy about me
Ooh I love my ugly boy
So rough and tough
Don't care about anything but me
Yes I just love him cause he's so crazy
Just crazy about me
Aye, you and me make the whole world jealous
God knows I know my homegirl's precious
Life is crazy I know god bless us
Chill the fuck out I got this you
Got nothing to worry about trust me
You trust in ninjie cause he don't play
Everything's going to be okay
I can make your problems go away
And I ain't scared of shit
Whatever the fuck it is I take care of it
If you're strapped for cash, heading straight for a crash
I can make cash rain on your ass

Anything you want (you got it)
Anything you need (you got it)
Anything at all (you got it)
Just keep it real with me (you got it)
Ooh I love my ugly boy
So rough and tough
Don't care about anything but me
Yes I just love him cause he's so crazy
Just crazy about me
Yes I love my ugly boy
So rough and tough
Don't care about anything but me
And I just love him cause he's so crazy
Just crazy about me
You fuckin' mental, my crazy little girl
Maybe the most psycho chick in the world
You mystical shit just's not physical
What you and me got's unfuckwithable
Respect me receive my protection
I'm always right by your side like a weapon
Love me I grant you there will be love
Fuck with my girl there will be blood
All my bitches love me, aw man it's tough
One crazy girl's more than enough
This is not ordinary love
This thing you an' me got girl (mm)
I believe it's magic (magic)

I believe it's magic (magic)

I believe it's magic (magic)

Magic (magic)

Ooh I love my ugly boy

So rough and tough

Don't care about anything but me

Yes I just love him cause he's so crazy

Just crazy about me

Ooh I love my ugly boy

So rough and tough

Don't care about anything but me

Yes I just love him cause he's so crazy

Just crazy about me

Ugly on the skin

But you're lovely from within

An angel kiss from me to you

Always there for me when I'm feelin' blue

You say you'll stick with me and I know you well

I just get so emotional

When I'm down and feeling weak

With tears streaming down my cheeks

You say the sweetest things

Like material stuff don't mean a thing

But you take care of me to keep you safe

You so freaky babe

Yo

Anything you want (you got it)

Anything you need (you got it)
Anything at all (you got it)
Just keep it real with me (you got it)
Ooh I love my ugly boy
So rough and tough
Don't care about anything but me
Yes I just love him cause he's so crazy
Just crazy about me
Yes I love my ugly boy
So rough and tough
Don't care about anything but me
And I just love him cause he's so crazy
Just crazy about me
Ooh I love my ugly boy
Me love you long time
Yes I just love him cause he's so crazy
You're one crazy motherfucker (why?)
Yes I love my ugly boy
So rough and tough
Aaa he fuck you up boy
Yes I just love him cause he's so crazy
Just crazy about me
Peow!
I love him
